## EASYMATE-Reservoir

## Reservoir for liquid oxygen <br> Standard and High-Flow

The slim EASYMATE-Reservoir, in combination with the portable EASYMATE, forms a complete state-of-the-art LOX system. Available in sizes 35 and 45 liters, as well as a 45 liter high-flow variant. The unique design of the EASYMATE-Reservoir uses fewer components than typical reservoirs, making it inherently not only more reliable, but also easier to maintain.
